The conical shaped reflector of the Rapido fixtures and the the deeper placed LED light, make sure that glare is reduced to a minimum when the lamp is installed in the ceiling. The small trim at the end of the reflector gives a refined touch to this elegant luminaire. The Rapido is an elegant and highly functional addition to the UNI LUCE led downlighter range, complementing the existing product family. The recessed position of the led guarantees a refined ceiling image and higher level of visual comfort. Rapido is available in different colours, including gold matte.
